

KRYON BESTFLOW FILTER CLEANER

PERFUMED FILTER CLEANER

READY TO USE

Kryon® BestFlow Filter Cleaner is a scented filter cleaner, suitable for application on various types of filters, whether plastic, cloth or metal.

It ensures the best removal of what is collected by the filter, increasing air quality and system performance. Leaves a pleasant clean scent.

Always consult the product safety data sheet before use and wear protective clothing.

Instructions for use:

Universal cleaner for air filters. Ready-to-use perfumed product. Remove filter if easy, rinse with water beforehand to remove most of the dirt. Apply to surfaces, leave on for approx. three minutes and rinse thoroughly.

Available formats:

1 litre with 360° trigger (allows the bottle to be used upside down)
