

Product Description

Cleansi is a powerful 80% alcohol-based purifier in aerosol can that deeply cleanses, with a simple swipe any surface, when sprayed directly on it. Cleansi evaporates quickly and completely, without leaving residues and streaks. Thanks to its high alcohol content, it is particularly suitable to clean all the frequently-contact surfaces that require a deep level of hygiene. Particularly suitable in domestic spaces used on handles, chairs, tables, glass tables, bunches of keys, remote controls and TV screens, smartphones and tablets, video game consoles, toys, furnishings, elevator buttons, bathroom accessories, kitchen worktops and small appliances, handrails and windows. It is also suitable for cleaning glass, lenses (including glasses) and glass surfaces.

It can also be used in offices on desks, armchairs, hangers, monitors, keyboards, mouse devices, computer shells, laptops, printers, copy machines, telephones and any other office equipment and vending machines.

It can also be used on vehicles, sprayed directly on handles, dashboards, shift levers, steering wheel.

In the workplace it is recommended for the hygiene of measuring instruments, tools, screwdrivers, drills, clamps, work benches and machine tool.

It is also recommended to clean filters and ventilation ducts of air-conditioning systems by eliminating microorganisms that affect the quality and healthiness of air introduced into the rooms or cockpits. Cleansi removes germs, allergens, dust and environmental dirt. Cleansi is a product suitable for the HACCP system: therefore, it can be used on surfaces in contact with food.

Features

- High alcohol content: 80%
- Purifies any surface.
- Evaporates quickly without leaving residues and streaks.
- **Disinfectant registered in Germany (N° 90037)**
- Removes germs, allergens, environmental dirt, fingerprints, streaks and grease.
